The Best Way to Learn

The Barn Studio of Art is a non competitive environment. The Barn Studio does not teach by having the student copy or trace, nor does it ask for a quantity of productions. Each student is accepted as an individual. Creativity and originality are encouraged. Each student progresses at their own pace. Concepts are introduced only when the individual student is ready. Fundamentals based on tradition are introduced and self-discipline is encouraged, along with the development of self esteem, self confidence, and the willingness to make mistakes.

During the year guest artists come to the Barn to provide lectures, demonstrations, and workshops in various media. All of the guest artists are top professionals in their fields. The students are exposed to the very best knowledge and techniques as they develop their art skills.

Nature Walks and Discovery

The gardens are in full bloom in the summer. Goldfish dart about the pond amongst the water lilies while colorful dragonflies buzz overhead. Children of all ages love exploring the nature trails and collecting precious treasures along the way.

**Classes at The Barn Studio of Art
are offered throughout the year.**
